CONTEXTE

For More information, please go to: https://www.uncclearn.org/un-cclearn-at-cop26-of-the-unfccc/

Keeping abreast of the newest developments in climate change is essential to make timely, effective and sustainable decisions. Yet, adequate time and space

for learning are rarely accessible for busy delegates, decision-makers and full-time working professional. This is why we have developed the Climate Classroom - a mobile learning space that ‘pops up’ at the center of major climate change conferences and related events. The Climate Classroom offers focused 45-min learning sessions on highly relevant climate change topics delivered by select experts in English.

OBJECTIFS DU COURS

The Climate Classroom @ COP26 is an innovative learning experience, designed for anyone interested in getting up to speed on selected climate change topics and open particularly to members of LDC delegations, including negotiators, practitioners and academics.

INFORMATIONS SUPPLÉMENTAIRES

The Climate Classroom @ COP26 is an initiative of the Swiss Development Cooperation (SDC) and The One UN Climate Change Learning Partnership (UN CC:Learn).
