ANTECEDENTES

The program for the 2024 Summer Courses has been presented at the Technological Headquarters of the International University of Andalusia. This edition coincides with the 30th anniversary of the creation of UNIA. These courses offer an opportunity to go into detail about topics ranging from the multiple facets of artificial intelligence to emotions, sustainability, gastronomy, the challenge of water, the environment, plastic arts, or poetry. In total, there are 39

proposals scheduled, including courses and encounters, to be held at its campuses in Málaga (7), Baeza (16), and La Rábida (16) between July and September.
