### ANTECEDENTES

The USEtox knowledge course aims to provide the learner with an understanding of the USEtox's purpose, methodology, benefits, and applications, supporting capacity-building efforts for chemical management. The course materials include a short video explaining USEtox, its workings, accessibility, and real-world applications, along with five fact sheets covering key aspects such as an overview, benefits, user groups, access, and methodology.

## PÚBLICO OBJETIVO

The learning materials are designed for:

- Government agencies responsible for chemical regulation
- Researchers and academics in environmental science
- Industries involved in chemical production and sustainability
- NGOs and policy advisors working in environmental impact assessment
- Students in environmental toxicology and life cycle assessment studies

## INFORMACIÓN ADICIONAL

### **TECHNICAL REQUIREMENTS**

The course can be completed on any computer (Windows and Mac) or mobile device. Any internet browser is compatible as long as it has been updated to its latest version.
