ANTECEDENTES

The ZENITH Summit 2026 is a global high-level platform that convenes 333 leaders from around the world for 55 consecutive hours of dialogue, collaboration, and knowledge exchange. The summit is part of a multi-Guinness World Records official attempt and aims to accelerate global conversations on

leadership, resilience, and sustainable development through large-scale participation and engagement.

The event brings together representatives from multiple sectors and regions to foster international cooperation and accelerate action aligned with the United Nations Sustainable Development Goals (SDGs).

OBJETIVOS DEL EVENTO

- Foster global dialogue on leadership, resilience, and sustainable development
- Promote cross-sector collaboration and knowledge exchange
- Amplify innovative ideas and solutions addressing global challenges
- Contribute to collective action aligned with the Sustainable Development Goals (SDGs)

CONTENIDO Y ESTRUCTURA

The summit features continuous sessions over 55 hours, including panels, impact labs, keynote interventions, and interactive discussions with global leaders across sectors. The Impact Lab segment focused on practical insights and real-world applications related to resilience and sustainable development.

METODOLOGÍA

- High-level panel discussions
- Interactive dialogue sessions
- Multi-stakeholder engagement
- Knowledge sharing and peer exchange
- Cross-sector collaboration and networking

PÚBLICO OBJETIVO

Global leaders, policymakers, practitioners, private sector representatives, academics, and development professionals engaged in sustainability, leadership, and resilience initiatives. Estimated online audience reach: 2 million+

viewers/impressions globally.

INFORMACIÓN ADICIONAL

CIFAL Miami was a partner organization and participated as a contributing entity in the Impact Lab, representing UNITAR's mission and advancing discussions aligned with SDGs and resilience-building efforts.

Main SDG Alignment:

- SDG 4: Quality Education
- SDG 11: Sustainable Cities and Communities
- SDG 13: Climate Action
- SDG 17: Partnerships for the Goals
