ANTECEDENTES

Young Green Generation (YouGene) is a 6 days 5 nights community outreach workshop for youths aged between 18 – 25, which emphasizes Goal 12 of the 17 Sustainable Development Goals (SDGs).

This program aims to train and empower 15 selected youths around Malaysia as community ambassadors for sustainable development. Hence, through YouGene,

youths will be taught on sustainable farming practices as well as permaculture values. Activities throughout this program includes invited speakers series on the sustainable development agendas, natural farming workshops, site visits, community work, leadership development sessions and also several interactive fun team activities. YouGene will also foresee participants implementing learned knowledge by constructing a model garden in groups, during one of the sessions.
