ANTECEDENTES

The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth

- all while tackling climate change and working to preserve our oceans and forests.

OBJETIVOS DEL EVENTO

Promote the SDGs to spur local sustainable development.

OBJETIVOS DEL APRENDIZAJE

At the end of this event, participants will be able:

- To present the dimension and importance of SDGs to sustainability through the history of 2030 Agenda, the contextualization of sustainability concept, and the deepening of the establishment of SDG;
- To promote awareness of the role of young people in the promotion of SDGs by reflecting on the environment in which they are inserted;
- To mobilize local actors, through dialogue and exchange of ideas, to identify practices that could corroborate to reach the SDGs.
- To promote the debate and to share impressions about existing sustainable practices at local level, thus encouraging participants to build proposals that enable the implementation of more sustainable practices in their locality.

CONTENIDO Y ESTRUCTURA

The workshop aims to discuss the importance and potential of young people and local perception for the promotion of the SDGs.

METODOLOGÍA

The workshop presents a methodology that uses theory and practice. In the first step, there is a presentation and contextualization of SDGs.
