ANTECEDENTES

The post COVID-19 world will be a new environment with challenges for all mankind and particularly for governments.

It will require more than ever that government officials continue to perform with excellence in the middle of unknown scenarios.

They are expected to provide fair, practical, and knowledgeable leadership to their nations under a 'new normal'.

This webinar is addressed to them and to other actors involved in policy making.

OBJETIVOS DEL EVENTO

This virtual roundtable aims to bring together international experts to discuss lessons learned about responding to the COVID-19 pandemic and building back better.

OBJETIVOS DEL APRENDIZAJE

At the end of this virtual roundtable, participants will be able to:

- define what 'public policy' is
- how governments can address public policy issues during the COVID-19 pandemic and beyond

CONTENIDO Y ESTRUCTURA

The virtual roundtable consists of a two-hour panel discussion covering the following topics:

- Critical economic policy for post COVID-19 recovery
- Protecting human rights will provide key platform for national recovery
- Freedom for civil society: Case study in private education initiative
- Key role of engaging minorities for transformation
- Private sector initiatives that are eliminating rural poverty for you to access

PÚBLICO OBJETIVO

Participation is open to government officials, diplomats, staff of international organizations, development practitioners, faculty members, and administrators of educational institutions and anyone who is interested in the discussed topics.
