Sitio web:	https://defeat-ncd.org
Precio:	0,00 US\$
Correo Electrónico del Centro de Coordinación del Evento:	nima.wangchuk@unitar.org
Colaboración:	Ministry of Health of Rwanda

ANTECEDENTES

Cervical cancer screening in Rwanda could not gain momentum as it was done by oncologists in the hospitals until date. Now the Ministry of Health of Rwanda is decentralizing cervical cancer screening services to the district hospitals and to the health centers therein.

Bugesera is now the 8th district in Rwanda whose nurses are invited to this training to build their capacity to conduct cervical and breast cancer screening

and offer precancerous treatment by thermal ablation in health centres and LEEP in the district hospitals.

OBJETIVOS DEL EVENTO

Two groups of training to be conducted back-to-back and facilitated by 6 trainers:

- Cervical & breast cancer screening training group: will have 19 nurses and doctors
- Cervical cancer and breast data reporting from health facilities henceforth, Mozima application: will have 17 data managers

OBJETIVOS DEL APRENDIZAJE

Participants will learn both the theoretical and practical aspects of cancer screening with hands-on training at the hospital
