Meeting ID: 656 2540 2885

Passcode: 441594

In this webinar, we will focus on "Scaling up Successful Models: Case Studies and Lessons Learned from Successful Climate Finance Initiatives." Our speakers, including CWS Fiji adviser and the UNOSAT country representative, will present how Fiji has effectively utilized Earth Observation data in various projects to achieve impactful results.

Do not miss out on this valuable opportunity to learn and collaborate. We look forward to seeing you there!
