

United Nations Global Surgery Learning Hub

Population

Date limite: 31 déc 2024

Type:	Other
Emplacement:	Web-based
Date:	1 jan 2024 to 31 déc 2024
Durée:	12 Months
Zone du programme:	Decentralize Cooperation Programme
Site internet:	https://www.surghub.org
Prix:	0.00 \$US
Personne de référence de l'événement:	michaela.dorcikova@unitar.org
Partenariat:	The Global Surgery Foundation (1412)

ARRIÈRE PLAN

Almost 1/3 of the global disease burden is surgical, yet over 5 billion of the world's population lack access to safe and effective surgical care. The development of the existing and future surgical care workforce, through training and education, is key to unlocking the enormous potential in low- and middle-income countries, where the need is greatest.

Significant high-quality content exists but is distributed across a multiplicity of sites: healthcare providers in low-resource settings often lack access to context and curriculum-appropriate training material.

OBJECTIFS DE L'ÉVÉNEMENT

SURGhub serves as a United Nations based collaborative repository platform for curated high-quality courses and training resources on Global Surgery. SURGhub provides a distinctive platform that enables healthcare providers working in low-resource settings to access the necessary training required to enhance and expand the provision of vital surgical care.

CONTENU ET STRUCTURE

E-learning platform with 80 courses.

AUDIENCE VISÉE

Frontline surgical care workers.
