CONTEXTE

The United Nations Institute for Training and Research (UNITAR) was established in 1963 as an autonomous body within the United Nations with the purpose of

enhancing the effectiveness of the work of the UN and its member states.

UNITAR designs and conducts close to 500 different training and knowledge sharing events per year for some 50,000 beneficiaries worldwide. Participants include diplomats, other government officials, non-governmental representatives, and other stakeholders.

At the heart of UNITAR, the Multilateral Diplomacy Programme Unit (MDPU) delivers training workshops to address the needs of these international actors. MDPU’s activities cover a wide range of domains, including training on the UN system and skills development.

OBJECTIFS DU COURS

As part of the training activities implemented during the summer, UNITAR designed a blended programme consisting of a 4-weeks e-Learning course followed by a 5-day field visit to The Hague, offering participants a full immersion into the international law ecosystem and the multilateral working environment of the city.

In line with UNITAR’s mandate, its main purpose is to enhance participants’ knowledge and skills in the area of international affairs and diplomacy. This will empower them to work more effectively and efficiently in any multilateral setting.

UNITAR further intends to strengthen the participants’ conviction of the principles enshrined in the UN Charter, especially on peace and justice. It lastly aspires to give its participants access to UN institutions and personnel in order to gain valuable insights into future career opportunities.

OBJECTIFS D'APPRENTISSAGE

The UN Immersion Programme serves to provide an overview of the United Nations and its related institutions in the city of peace and justice. It will help participants build knowledge on international affairs, deliver training in core diplomatic skills and offer activities with the Hague and Geneva-based agencies.

At the end of the UN Immersion Programme, participants should be able to:

- Explain key components of the United Nations’ system and its agencies
- Familiarize oneself with the Hague as the City of Peace and Justice
- Apply core skills and techniques of common diplomatic practice
- Develop critical knowledge for careers in international organizations
- Adapt values and principles enshrined in the United Nations Charter

Tens of thousands of people from all over the globe are working every day in the city to build a more peaceful and just world by collaborating together on solutions to global problems. In partnership with many international institutions, UNITAR

provides a nuanced balance between the following different components:
