CONTEXTE

● Within the framework of actions aimed at strengthening the institutional capacities of local governments in the area of occupational risk prevention, **the Dominican Municipal League**, in coordination with **UN/CIFAL Dominican**

Republic and the Dominican **Institute for Prevention and Protection against Occupational Risks (IDOPPRIL)**, developed a national day of Regional Training Workshops on Occupational Safety and Health aimed at representatives of municipalities and municipal districts of the Dominican Republic.

OBJECTIFS DU COURS

● The initiative aimed to strengthen the technical and institutional capacities of those responsible for managing municipal personnel, providing them with tools and knowledge for the correct application of occupational risk prevention regulations, the comprehensive protection of municipal workers, and the proper management of Occupational Risk Insurance.

OBJECTIFS D'APPRENTISSAGE

- Promote an institutional culture of prevention within municipal administrations.
- Identify occupational hazards.
- Implement preventive measures and strengthen safer and healthier work environments for municipal employees.

CONTENU ET STRUCTURE

- Occupational Risk Insurance: benefits, coverage, and procedures for accessing services.
- Notification and registration of workplace accidents and occupational diseases.
- Occupational safety and health in local governments: protection, prevention, and well-being of employees.

MÉTHODOLOGIE

- Final exams
- Satisfaction survey
- Group workshops and personalized feedback

AUDIENCE CIBLE

- Mayors, district directors, deputy mayors.
- Human resources managers.
- Community leaders and municipal representatives.

INFORMATIONS SUPPLÉMENTAIRES

We will continue strengthening regulatory capabilities by designing protocols and manuals on occupational safety and health. In addition, we will continue managing the acquisition of personal protective equipment (PPE).
