CONTEXTE

Climate challenges have accelerated the need for innovative solutions that drive sustainability, resilience, circular economies, and low-carbon transitions. Entrepreneurs play a key role in developing technologies and business models that address environmental issues at scale.

This speaker series aims to highlight those innovators, increase awareness of climate entrepreneurship pathways, expose barriers and opportunities in the

sector, and empower youth, students, founders, and professionals to engage in meaningful climate innovation.

OBJECTIFS DU COURS

The main learning objectives of this speaker series are:

- Gain insights into the climate innovation ecosystem and entrepreneurship journeys.
- Understand major issues and barriers climate entrepreneurs face.
- Increase awareness and visibility of climate startups and climate tech initiatives.
- Learn about sustainable business models and real-world applications.
- Explore networking opportunities and connections in the climate entrepreneurship field.
- Become inspired to pursue climate-related innovation, research, or startups.

AUDIENCE CIBLE

- Students, Young talents & early-career professionals
- Climate and AI researchers
- Startup founders & Tech innovators
- Investors and climate-tech supporters
- Environmental activists & Environmental NGOs
- Sustainability-focused professionals
- Community innovators and climate-tech builders
