ARRIÈRE PLAN

This UNITAR online course aims at developing awareness and understanding of organizations which operate internationally as well as regionally in dealing with finance and debt management issues. The course will focus primarily on the institutions which are important sources of development finance and provide policy advice to governments of developing and least developed countries in their financial matters. Using an approach grounded in institutional analysis and political economy, the course will give participants a thorough understanding of the institutional structure, purpose and functions of these different institutions

together with their achievements and latest initiatives.

OBJECTIFS D'APPRENTISSAGE

At the end of the course, the participants should be able to:

- Explain the background and functions of the World Bank Group and the International Monetary Fund;
- Distinguish the roles of the Bank of International Settlements from that of the Organisation for Economic Co-operation and Development (OECD) ; and
- Evaluate the respective parts of UNITAR, UNCTAD, and UNDP as international players in public finance and debt management.

CONTENU ET STRUCTURE

The course consists of the following modules:

- Module 1: The World Bank Group and the International Monetary Fund
- Module 2: The Bank of International Settlements and the Organisation of Economic Cooperation and Development
- Module 3: The United Nations Institute for Training and Research and the United Nations Conference on Trade and Development
- Module 4: The United Nations Development Programme

MÉTHODOLOGIE

In order to ensure the best possible outreach, the course will be delivered through e-learning. Through a multiple-instructional setting, the goal is to achieve the learning objectives by means of learning technologies that match personal learning styles and by the inclusion of non-linear learning that aims at the development of just-in-time skills of adult learners. At the same time, in order to allow participants maximum flexibility of scheduling , the learning will be conducted in an asynchronous manner. Using a state-of-the-art training architecture, UNITAR will combine self-learning with assessments and online discussions. The pedagogy - adapted specifically to professionals in full-time work - will help train participants through various experiences: absorb (read); do (activity); interact (socialize); reflect (relate to one's own reality).

AUDIENCE VISÉE

This course is designed for professionals working on sovereign debts, researchers, public finance managers, central bankers, officials from ministries of finance and other finance sector officials. In addition, officials from civil society organizations will also find this course instructive.

INFORMATIONS SUPPLÉMENTAIRES

A certificate of completion will be issued by UNITAR to all participants who complete the course-related assignments and assessments successfully.

Due to the high number of applications expected, UNITAR reserves the right to select participants accepted in the course. All applicants will be notified of UNITAR's decision by email before the start of the course. Course schedule is subject to change.
