CIFAL Malaga - Cybersecurity Course

People

Deadline: 22 Nov 2024

Type:	Course
Location:	Web-based
Date:	23 Nov 2024 to 31 Jan 2025
Duration:	9 Hours
Programme Area:	Decentralize Cooperation Programme
Website:	https://www.cifalmalaga.org
Price:	$0.00
Event Focal Point Email:	info@cifalmalaga.org
Partnership:	CIFAL Malaga, UTEL University

BACKGROUND

Cyber Intelligence will allow us, through the use of methodology traditionally used in police and military intelligence, to differentiate the different phases and stages through which an input, data, or information must pass to become intelligence that can fulfill the function of reducing uncertainty for the decision-maker, by allowing us to detect possible threats and challenges, which can be combated proactively by allowing us to anticipate the risks that our organization may face in the course of its activity.

EVENT OBJECTIVES

Students will learn about Cyber Intelligence Threats and Challenges in Cyberspace Proactivity as an element of anticipation in Cyberspace Open SourceINTelligence Open SourceINTelligence Tools Research in the DeepWeb Social Network Analysis Cyber Terrorism Threat IntelligenceCyber

LEARNING OBJECTIVES

Students will learn about Cyber Intelligence Threats and Challenges in Cyberspace Proactivity as an element of anticipation in Cyberspace Open SourceINTelligence Open SourceINTelligence Tools Research in the DeepWeb Social Network Analysis Cyber Terrorism Threat IntelligenceCyber

CONTENT AND STRUCTURE

Nine synchronous sessions will be held, the first five bimonthly and the last four monthly, each lasting 1 hour, on the following topics: 1.-Cyber Intelligence 2.-Threats and Challenges in Cyberspace 3.-Proactivity as an element of anticipation in Cyberspace 4.-Open SourceINTelligence 5.-Open SourceINTelligence Tools 6.-Research in the DeepWeb 7.-Social Network Analysis 8.-Cyber Terrorism 9.-Threat IntelligenceCyber

METHODOLOGY

During the course, a theoretical and practical approach will be taken to what cybersecurity is and how to tackle it proactively, through cyberintelligence. If the student has attended all the sessions and has passed at least 80% of the session evaluations (7 of the 9 sessions) with at least 50% of the questions answered satisfactorily, the student will have access to obtain the CIFAL Malaga-UNITAR Certificate of Completion, which certifies having successfully acquired the contents of the course.

TARGETED AUDIENCE

University students
