Price:	\$0.00
Event Focal Point Email:	cifalnetwork@unitar.org
Partnership:	CIFAL Durban, MILE, EThekweni Municipal Academy, SAB to a Future With a Future with more Cheers

BACKGROUND

The “Road Safety School Primary Programme” is an interactive e-learning tool that presents a management methodology and a road map that can help improve road safety by collecting data on the number and location of deaths caused by road traffic crashes; identifying hazardous and critical road locations where excessive numbers of crashes occur; outlining corrective measures; and by implementing interventions and monitoring results.

EVENT OBJECTIVES

This provincial workshop aims to raise awareness about the Toolkit to:

- Strengthen national capacity for road assessments;
- Equip road safety stakeholders with the appropriate methodology and tools to identify corrective measures aiming to improve existing road infrastructure for the benefit of all road users (especially the most vulnerable);
- Tackle ways of improving road user compliance by implementing/enforcing road traffic legislations and strengthening the working relationship between traffic authorities in the various spheres of government;
- Accomplish the adoption of safer behavioral change.
