BACKGROUND

The United Nations Institute for Training and Research (UNITAR) was established in 1963 as an autonomous body within the United Nations with the purpose of enhancing the effectiveness of the work of the UN and its member states.

UNITAR designs and conducts close to 500 different training and knowledge sharing events per year for some 50,000 beneficiaries worldwide. Participants include diplomats, other government officials, non-governmental representatives, and other stakeholders.

At the heart of UNITAR, the Multilateral Diplomacy Programme Unit (MDPU) delivers training workshops to address the needs of these international actors. MDPU’s activities cover a wide range of domains, including training on the UN system and skills development.

EVENT OBJECTIVES

As part of the training activities implemented during the summer months, UNITAR designed a 5-day field visit to Geneva, offering participants a full immersion into the United Nations' multilateral working environment.

In line with UNITAR’s mandate, its main purpose is to enhance participants’ knowledge and skills in the area of international affairs and diplomacy. This will empower them to work more effectively and efficiently in any multilateral setting.

UNITAR further intends to strengthen the participants’ conviction of the principles enshrined in the UN Charter, especially multilateralism. It lastly aspires to give its participants the opportunity to gain valuable insights into possible future career steps.

METHODOLOGY

Given the complexity of Geneva's multilateral environment, UNITAR will cover a series of different thematic areas during the course of the Programme. These will include the peace and security, human rights and humanitarian affairs, global health and well-being, trade and technology as well as environment and sustainable development.

The Immersion Programme is designed to be highly interactive and participatory. Activities will include a high level of direct exposure to policy practitioners and diplomatic settings, thereby allowing participants to gain a thorough knowledge and understanding of the United Nations.

All of the activities will take place in the English language. Should there be any component not be available in English, UNITAR will ensure the participants will be provided with simultaneous interpretation.

TARGETED AUDIENCE

UNITAR welcomes a variety of professional backgrounds as well as different degrees of experience among its participants. The Immersion Programme is therefore open to all actors related to international affairs wishing to build up knowledge and skills related to the United Nations or International Geneva.

Participants can include public sector officials, private sector professionals and representatives from NGOs, think tanks or academia. Junior professionals and graduate students are equally welcome to apply.

In order to ensure the highest quality standards, registration will be closed after 20 participants. Allocation of slots will be on a first-come, first-served basis. At the end of the Immersion Programme, each participant will be awarded a UNITAR

certificate of completion.
