BACKGROUND

Everyone around the world is experiencing unprecedented challenges from the coronavirus (COVID-19) pandemic with profound health and socio-economic impacts. As of April 2020, over 2 million cases of the virus have been recorded worldwide, and the death toll so far is at least 200,000.

As countries work to contain and the spread of COVID-19, every sector is faced with the need to renew its toolbox. Every country will have to explore and expand in creative ways all possibilities to respond – with the prime objective of protecting the health and well-being of every citizen, leaving no one behind.
