BACKGROUND

Climate change is happening. An overwhelming 97% of scientists agree that climate change is being caused by human greenhouse gas emissions. The planet is warming with an annual global average of 1 degree Celsius and so action is needed. We can fix this but only with responsible and effective leadership. Our expert panel will be discussing this essential topic on Thursday 14th October at 4.00pm English time.

TARGETED AUDIENCE

This webinar is open to all.
