The study tour in Vienna consists of an organized visit over several days for a group of students, focusing on aerospace science and technology and their intersection with the United Nations Sustainable Development Goals (SDGs). The study tour in Vienna consists of an organized visit over several days for a group of students, focusing on aerospace science and technology and their intersection with the United Nations Sustainable Development Goals (SDGs).

Planned Activities Include:

- Expert Lectures (sessions on aerospace technology, sustainable development, and the role of technology in advancing SDGs)
- Institutional Visits (visits to UN agencies in Vienna, aerospace research centers, and technology hubs)
- Guided Tours (guided tours of key scientific and historical sites in Vienna relevant to aerospace and sustainable development)
- Training Workshops (workshops on leadership skills, negotiation, United Nations protocol, project management, and innovation design thinking)
- International Conferences (participation in conferences on aerospace technology and sustainable development)
- Cultural Activities (cultural visits around Vienna, including historical sites and local cultural engagements)
