Umoja is a single, global solution that is enabling efficient and transparent management of the United Nation's financial, human and physical resources and improving programmatic delivery. As a catalyst for business transformation, Umoja is improving financial and administrative operations, and program delivery with a potential to improve the efficiency and the overall effectiveness of the Organization.

The **Enterprise Resource Planning Solution Division (ERPSD)** was established on 1 January 2021, marking a turning point in the journey to deliver Umoja to the global Secretariat.

This course will be a deep dive into Umoja analytics and provide an in-person demonstration for the Member States Portal and Self-Service Analytics, targeted towards new delegates.

To attend in-person, a valid ID to the UNHQ is required.
