

Future-Proofing Airport Development - Leveraging Technological Innovations, Artificial Intelligence, and Cybersecurity - Singapore

📅 : 20 10 2025

📅 :	Workshop
📍 :	Singapore, Singapore
📅 :	22 10 2025 to 23 10 2025
📅 :	2 Days
📅 :	Special event
📅 :	https://unitar.org/
📅 :	US\$0.00
📧 email:	miguel.hamdi@unitar.org
📍 :	Hartsfield-Jackson Atlanta International Airport (HJIA) (4517), Georgia Tech Institute of Technology (GTech), Government of the Republic of El Salvador, CIFAL Atlanta (1632), CIFAL Singapore, Civil Aviation Authority of Singapore, Nanyang Technological University (4604)

A global initiative focused on empowering stakeholders in the airport sector.

The initiative aims to address the underutilization of resources and infrastructure, foster global collaboration and knowledge exchange among airport sector stakeholders, and facilitate Airport-to-Airport (A2A) partnerships for knowledge exchange.

The workshop aims to:

- Equip airport executives and authorities with strategies for economic growth
- Provide cutting-edge strategies in critical areas: competitiveness, cargo logistics, revenue strategies, safety, and sustainability.

Key Topics of this event:

- **Innovation & Technology**
- **Terminal Operations**

The methodology consists of two-day workshops designed for 50+ participants. EI2 identifies and recommends expert speakers to ensure high-quality discussions. The workshops emphasize interactive learning through engaging discussions, group assignments, action plans, and practical applications. Participants will also share best practices through panel discussions and expert lectures while collaboratively building action plans for future cooperation.

- Representatives of civil aviation and regulatory authorities
- Airport managers

- Authorities overseeing, owning, or servicing airports
- Chambers of Commerce officials
- Commercial and economic development officials
- Business Leaders
