The "SDG Challenge Miami" will be activated through this event, to engage companies in a sustainability challenge and reinforce the business case for sustainability.

To introduce the SDG Challenge Miami, discuss a case study, engage companies in a challenge to reflect on sustainability goals, reinforce the business case for sustainability, and call for companies to join the next SDG Challenge.

The event is combination of lectures, pannel discussion and attendees Q&A session. Timeline from 5:00 pm to 7:00 pm. It includes welcome remarks, an introduction to the SDG Challenge, a panel discussion, a company challenge activity, a partnership discussion, and closing remarks.

The event includes a video, a panel discussion, a company challenge activity, and a facilitated group discussion with "SDGs flash cards."

Guests, participating companies, an investment firm, students, and entities from the private, public, and nonprofit sectors, academia, UN agencies, and international organizations.
