---

CIFAL Istanbul introduced its Youth Platform during Bahçeşehir University's Student Clubs Week 2024-2025 to raise awareness of its mission, activities, and opportunities for student engagement. The introduction aimed to strengthen youth participation in sustainable development and leadership-focused initiatives.

To present the Youth Platform's purpose, structure, and annual activity plan. To encourage new student participation in CIFAL Istanbul programmes. To increase visibility of capacity-building opportunities offered through UNITAR. To promote youth leadership, sustainability education, and community involvement on campus.

The introduction included a presentation outlining the Youth Platform's mission, past achievements, upcoming projects, and membership process. Students engaged with representatives to learn about workshops, events, and volunteer-based initiatives.

A direct engagement approach was used, combining informational presentations with one-on-one interaction at the club stand. This allowed students to receive clear guidance while fostering open communication and active participation.
