- How are climate and energy systems redefining humanitarian action?
- What makes the programme academically distinct and professionally relevant?
- Who is the programme designed for, and how does flexible distance learning support working professionals?
- Entry routes, exit awards, and opportunities for the 2026 intake.

Whether you are already working in policy, development, or humanitarian contexts, or preparing to enter the field, this session will help you reflect, learn, and plan your next step.

This webinar does not include the award of certificates.
