Unitar

In order to perform efficiently in Vienna's multilateral working environment, it is crucial for diplomats to have a sound knowledge of the structure and functioning of the UN System and its various Vienna-based components. Over the years, the

mandate, governance and decision-making of the UN agencies, funds and specialized agencies based in Vienna have evolved considerably and diplomats are increasingly called upon to cover the work of various organizations with diverse decision-making mechanisms.

This briefing will provide participants with a concise overview of the United Nations System at Vienna and strengthen their understanding of the structure, mandate and governance of the main Vienna-based organizations.

After this briefing participants should be able to:

- Define the structure, mandate and functions of the major international organisations in Vienna;
- Analyse linkages between the international organizations in Vienna;
- Perform more efficiently in Vienna's multilateral working environment.

Representatives of international organizations and agencies based in Vienna will provide participants with an overview of the structure, mandate and governance of their entity. The programme includes time for Q&A sessions and discussions. Participants will also be familiarized with privileges and immunities applicable to diplomats accredited to the United Nations Office at Vienna.

This briefing targets members of Permanent Missions accredited to the United Nations Office at Vienna and other international or regional organizations, funds and programmes. UNITAR reserves the right to make a selection among candidates.

The briefing will take place from 09:00-13:00 and from 14:00-17:30 on 2 and 3 September 2014, at the Vienna International Center. The course will be

conducted in English.

UNITAR is delighted to announce that thanks to the generous support of Austria this briefing can be offered free of charge.
