Monday 19 May 13.15-14.30 CR 8 (NLB)

Given the complexity and number of processes that will contribute to the development of the Post-2015 Development Agenda, United Nations Institute for

Training and Research (UNITAR) is organizing a series of interactive technical briefings for members of delegations and other government officials at the United Nations in New York, and later in Geneva. The overall objective of the briefings is to strengthen knowledge for evidence-based decision making in the formulation of the Post-2015 Development Agenda to be agreed by Member States in September 2015.

The series will feature around 15 different sessions, and will

- v Assist participants to access the most up-to-date and essential information coming from the numerous processes that will contribute to the Post-2015 agenda, and key outcomes of ongoing Member States' discussions in various fora, as well as allowing newly arrived delegates to 'catch up';
- v Provide a dynamic and interactive space where delegates can exchange views on the Post-2015 development agenda and have a more in-depth discussion, as needed.

The briefings will be facilitated by prominent experts and involve peer-to-peer learning and active involvement of members of delegations. An online resource platform will also be available to support the learning experience.
