□□□□

E-Commerce and Information Technology Security play an important role in promoting economic development.

□□□□

The Seminar aims to enable participants to be aware of the status of e-Commerce development and how to leverage information technology for development and economic growth.

Participants will be introduced to China's practice and achievements in the field of e-Commerce. Participants will be completely and objectively aware of management and policy support of all aspects of e-Commerce by Chinese Government.

CIFAL Shanghai has arranged abundant courses and lectures, covering e-Commerce Introduction, Development and Trend of e-Commerce in China, Requirements Management of e-Commerce based on Big Data and Cloud, Platform Architecture of e-Commerce, e-Payment, logistics management of e-Commerce, Information Security in e-Commerce and case study etc.

Through integration of theoretical and practical trainings, such as thematic lectures, special subjects, free discussion and spot investigation.

National government officials.

Participants successfully completing all course requirements will receive a Certificate of Course Completion issued by China Ministry of Commerce.
