CIFAL Curitiba highlights the importance of discussing the Agenda 2030 and reinforces the relevance of universities in promoting the Sustainable Development Objectives. In this way, a public with varied representations is presented to Agenda 2030, as well as to the methods to reach it. In addition, the lecture demonstrates the transition from the Millennium Development Goals to the Sustainable Development Objectives, related to indicators data from Paraná and its cities.

The course aims to promote a process of dissemination and reflection on the ODS and its challenges for Brazil and especially for Paraná, contributing to its fulfillment.

The meeting was focused on the sustainable development goals and its implications to reach the 2030 agenda.

The meeting was comprised of 5 sessions each with a duration of 4 hours.

This course is intended for Unions, Industries and their stakeholders, as well as the general population.
