Train the trainers for the construction of the Voka Sustainability Charter (VCDO) which offers companies the opportunity to define concrete steps regarding sustainability in their core business.

The event aims to enable participants to assess specific situations and make recommendations to design and implement the VCDO.

The event provides the SDG Circle Tool to understand the Agenda 2030 framework and the link with businesses.

Learning activities include, among others, self-assessment exercises and quizzes, and networking elements.

Open to public

This series is composed of three events
